A Beirut Debut____

It's here! The Beirut Design Fair is an exceptional – and entirely new – program focused exclusively on design, and dedicated to both contemporary and vintage furniture and design objects from over 50 exhibitors and more than 10 countries. For its very first year, Beirut Design Fair has put together an exceptional selection committee of design, architecture, museum, luxury and education professionals, who are bringing their expertise to the exhibitors' selection, including India Mahdavi, Aline Asmar d'Amman, Marc Baroud, Marianne Brabant and Mathias Ohrel. Make sure not to miss its debut.
