Second Beirut Design Fair set for September

Beirut, 1 days ago

Beirut Design Fair has announced the holding of its second edition at the Seaside Arena (formerly BIEL) during September 20-23, 2018.

A VIP opening ceremony is set for September 19.

The event builds on the remarkable success of its first edition in 2017 which witnessed almost 17,000 visitors, a number expected to exceed 20,000 this year, a statement said.

Hala Moubarak, co-founder and head of exhibitors relations, said: "Beirut Design Fair's first edition, in 2017, was of a Lebanese character, but the strategic objective is to also exhibit works from galleries and designers from all over the world, with both local and international designs emanating from creating unique pieces of products and furniture.

"Beirut Design Fair's core belief is that the Lebanese design scene is deeply rooted, pluralistic, dynamic, connected to the contemporary world, and in permanent reinvention. Our first edition featured the works of 47 exhibitors, galleries, design studios, and emerging designers, of which more than 40 sold either some of their pieces on display, or transacted multiple sales on all their pieces. To this day, there are exhibitors who are still producing units as a result of their participation in Beirut Design Fair's first edition. Our second edition will show how we're moving gradually, yet at a fast pace, to welcome foreign talent. The 60 exhibitors and 150 designers of our 2018 edition will have European galleries represented.

"For this year, the scenography and museography effects, which are part of the fair's DNA, are made by the worldwide reputed architect Galal Mahmoud, a true Beirut Design Fair enthusiast and ally."

Hala Moubarak said: "In addition to providing 'SpotOn!' opportunities for young talents, Beirut Design Fair activates the relationship between design and manufacture, thus promoting a microeconomic ecosystem of its own with spillover into the country's macro economy, let alone ramifying positively into the social sphere."

Guillaume Taslé d'Héliand, founder and fair director, said: "When we embarked on Beirut Design Fair, we did it out of our strong conviction that Beirut was in the process of imposing itself as the platform, indeed the hub, of design in the Levant and the Middle East by virtue of the community of Lebanese architects and decorators being all there, and presenting the fair with both a leverage and a support.

"Beirut is a major design pole of the Mediterranean basin, a bridge between East and West; its history and its geographical location account for the creativity, curiosity, culture, and the discerning flair of the Lebanese.

"Moreover, the first edition of Beirut Design Fair revealed Beirut's position as the marketplace for Design in the Middle East, with the city not just being the regional meeting point of demand and supply in Design, but far ahead of all the other countries in the region in that sphere." - TradeArabia News Service
